

Poole town centre to/from Wareham Road, Holton Heath Inglesham Way - Sandy Lane Proposals

	Carriageway
	Footway
	Shared Path
	Zebra Crossing
	Toucan Crossing
	Cycle Track
	Revised junction layout giving more priority to pedestrians and cyclists

Proposals continue along Sandy Lane - please refer to the Sandy Lane - Wareham Road map for details

Junction of Sandy Lane to be improved with new controlled crossing points to allow safer crossing

Existing crossing point removed and upgraded to zebra crossing

Existing paths between Symes Road and Willow Road improved to create safer, more attractive route for walking and cycling through Upton Country Park, as an alternative to Blandford Road

Path between Blandford Road and Symes Road to be widened and upgraded to provide shared space for people walking and cycling

Quiet route for pedestrians and cyclists continues along Inglesham Way and Symes Road

New two-way cycle lane installed on eastern side of Blandford Road connecting Inglesham Way quiet route to Dawkins Road and Carters Avenue

Improved road markings to be installed to raise driver awareness of cyclists on the road at railway bridges

Improved wayfinding signage to Hamworthy train station

Junction to be redesigned to provide more space for pedestrians and cyclists, resulting in the removal of the right-turn lane on Blandford Road

Installation of traffic lights at junction of Dawkins Road and Blandford Road with toucan crossing points to support safe crossing for people walking and cycling

No loss of existing cycle facilities along Blandford Road

Proposals continue into Hamworthy - please refer to the Rigler Road - Inglesham Way map for details
