

Merley, Poole to/from Christchurch Route Redhill Roundabout - Broadway Roundabout

	Carriageway
	Footway
	Verge
	Cycle Track
	Shared Path
	Parallel Crossing
	Toucan Crossing
	Revised junction layout including kerb-buildout to improve pedestrian crossing facilities
	Bus stop improvement

Existing crossing over Muscliffe Lane to be upgraded to a toucan crossing allowing pedestrians to cross the road in one stage.

Subject to the outcome of a Traffic Regulation Order, double yellow lines would be installed near the parade of shops. Three parking spaces would be removed as a result, with the other parking spaces outside of the shops unaffected.

Dedicated right turn lane into Redbreast Road North to be removed. Vehicles will still be able to turn right.

New one way protected cycle track on both sides of the road. Cycle track to be separated from carriageway by a sloped kerb, maintaining vehicular access to/from properties.

Dedicated right-turn filter lanes and central Hatching to be removed on Castle Lane West at Charnwood Avenue. Vehicles will still be able to turn right.

Broadway Roundabout to be revised to provide separate space for pedestrians, cyclists and motorists.

Subject to the outcome of a Traffic Regulation Order, some parking would be removed from outside the shop and restaurant. The space would be reconfigured to link the Broadway Roundabout cycling route to the existing eastbound facility.

Parallel crossings to be installed on all arms of the roundabout to improve connectivity. All approaches to the roundabout to be formalised to single lanes.

Existing crossing to be removed and a new toucan crossing to be installed to the east side of Charnwood Avenue replacing pedestrian refuge.

New parallel crossing to be installed.

One parking space would be removed due to a 5m reduction in the parking bay length.

Subject to the outcome of a Traffic Regulation Order, double yellow lines would be installed removing any on-street parking between Redbreast Road North and Lawford Road, to provide space for the cycle tracks.
