Redhill Roundabout

Key

	Footway
	Carriageway
	Shared Path
	Cycle Track
	Parallel Crossing
	Toucan Crossing
	Raised Table
	Verge

New parallel crossing, with dedicated space for pedestrians and cyclists, installed over Redhill Drive.

New toucan crossing installed over Redhill Avenue.

The design along Redhill Avenue is still progressing. To be delivered as part of the improvements with Redhill Avenue and Ensbury Gyratory.

New toucan crossing was completed as part of the Whitelegg Way works.

New shared cycle and footway installed connecting into Wimborne Road service road.

New toucan crossing installed over Wimborne Road (A3060).

Raised table installed over Park Lane, giving priority to pedestrians and cyclists crossing.

Minimum 3m-wide shared footway and cycleway installed, providing a link for cyclists and pedestrians around Redhill Roundabout.

Exit arm of the roundabout to be realigned to accommodate the shared path and promote lower speeds.
